Proposed Plan for Soil, Sediment, and Surface Water at RVAAP-13 Building 1200 and Proposed Plan for Soil, Sediment, and Surface Water at RVAAP-48 Anchor Test Area, Ravenna Army Ammunition Plant

The Proposed Plans for Building 1200 and Anchor Test Area present the preferred alternatives to attain unrestricted land use for the Areas of Concern (AOCs). The preferred alternatives at both AOCs require removal and offsite disposal of surface soil, 1-foot deep, at contaminated locations. There are no chemicals of concern in subsurface soil, sediment, or surface water in either AOC. The Proposed Plans also provide current information and the rationale for the preferred alternatives.

Both Building 1200 and the Anchor Test Area are AOCs at the former Ravenna Army Ammunition Plant (RVAAP) in Ravenna, Ohio.

Copies of the Proposed Plans are available at:

Newton Falls Public Library (phone: 330-872-1282)
204 South Canal Street
Newton Falls, Ohio 44444

Reed Memorial Library (phone: 330-296-2827)
167 East Main Street
Ravenna, Ohio 44266

These documents are also posted at: www.rvaap.org

Please join us for an OPEN HOUSE and PUBLIC MEETING.

The Army will host an informational open house and a public meeting to explain the Proposed Plans and preferred alternatives. Oral and written comments will be accepted at the meeting. Written comments may be mailed to the Camp Ravenna Environmental Office; 1438 State Route 534 SW, Newton Falls, OH 44444. Comments will be accepted during the public comment period from **July 25, 2013 to August 23, 2013**.

The public meeting is scheduled for:

Wednesday, August 7, 2013
6:00 pm Open House
6:30 pm Public Meeting

at:

Paris Township Hall (Shearer Community Center)
9355 Newton Falls Road
Ravenna, Ohio 44266

For more information or if you need special accommodations to attend, please contact Becky Haney at 330-358-3005.
